USER'S guide

At first glance, *PREVIEWS* can be overwhelming because it's packed with tons of cool stuff. But there's a rhyme and reason to this mag-a-log and here's how to use it!

You now hold in your hands the latest issue of *PREVIEWS*, the monthly mag-alog dedicated to comics, graphic novels, toy and other pop-culture merchandise. If it's in your comic shop, it's in the page of *PREVIEWS*!

PREMIER COMICS BOOKS & MAGAZINES TRADING CARDS APPAREL MERCHANDISE GAMES VIDEOS

What is *PREVIEWS*?

PREVIEWS is part magazine, part catalog—a "mag-alog" of all comics and pop-culture merchandise found at your local comic shop.

We've broken down the product listings by easy-to-understand sections: Comics & Graphic Novels; Books; Trading Cards; Toys, Statues & Models, and more.

Each month, you'll find detailed listings for almost every comic book and pop-culture product that will be available in comic shops in 2 months. So, if you're looking at the April issue of ***PREVIEWS***, most items will be in comic shops sometime in June.

How do I order from *PREVIEWS*?

Ordering from ***PREVIEWS*** is easy! There are **3** simple ways to order:

1. **Use the Short Order Form.**
Fill in with the items you'd like to order from this issue.

2. **Ask for the companion Customer Order Form.**
We offer a companion order form that features a complete listing of every product offered in that month's issue of ***PREVIEWS***. Fill out what you want to order and hand in to your comic ship by the due date on the cover!

3. **Ask your retailer about their "Pull & Hold" service.**
Many retailers offer a "pull & hold" or subscription service where you can order your monthly comics and merchandise easily. They'll hold your orders for you and you can pick up your items when it's convenient for you! Be sure to ask your retailer to give you a copy or ***PREVIEWS***, Marvel ***PREVIEWS***, and the ***PREVIEWS*** Customer Order Form each month so you can place your orders easily!

EDITOR'S note

SAN DIEGO 2010: AFTERMATH

Another San Diego Comic Con has come and gone. What a show it was! Perhaps the most-attended Comic Con to date, there was something for everyone at this year's event. The main showroom floor was as expansive as ever, filled with everything from classic comics, toys, video games and original artwork, to explosive promotional displays for this fall's upcoming TV season.

When my bud Chris Cade and I weren't roaming the showroom floor, looking for cool stuff to blow our money on, we were camped out once again in the expansive Hall H, home to some of Comic Con's biggest panels. The line-up this year was stellar as usual, with some special guests and surprises aplenty!

Some of the highlights included panels for *Tron: Legacy*, Megamind (with Will Ferrel in blue make-up), *Battle: Los Angeles*, *Paul* (with Simon Pegg and Nick Frost) and even one featuring Will Ferrell, Mark Wahlberg and Eva Mendes for current comedy hit, *The Other Guys*... a panel that was just a laugh riot to experience. Who knew Eva Mendes was that funny, or a fan-girl of sorts?!

Following exceptional panels for both Marvel's *Captain America: The First Avenger* and *Thor* (Have you seen the trailer yet?! *Destroyer*. 'Nuff said.), Samuel L. Jackson took the stage and introduced the cast of The Avengers, including the confirmations of *Hurt Locker's* Jeremy Renner as "Hawkeye", and Mark Ruffalo as the new Bruce Banner. Also, director Joss Whedon joined the cast and "made it official" stating that he was indeed directing the film.

After all of that and so much more — Harrison Ford's Comic Con debut, tons of 3D, and a stabbing, all in Hall H — I was ready to get back into the Editor's chair and working on ***PREVIEWS*** once again. I know... sick, right?

My humble thanks go out once again to ***PREVIEWS*** Head Writer and "Demigod of Order Forms" Allyn Gibson, who kept things rolling in my absence. Thank you, Sir!

That's all for this month. If you're heading back to school, don't forget to take a break from your studies and check us out next month for more of the coolest stuff on Earth!

Your Pal @ ***PREVIEWS***,

Marty

This month's featured creator is...

JIMMY PALMIOTTI

I am a Brooklyn-born-and-raised writer now living in the gulf coast of Florida. I started in comics working on backgrounds for other artists and eventually started to ink and pencil comic books for various comic companies. In the meantime, I co-created a couple of comic companies (Event Comics and Black Bull Comics); and continue to freelance edit for companies like Kickstart Comics.

My main job though, is writer and creator, and I am currently working for the major comic book companies. I've also worked on some upcoming video games and have written for TV and film on my original characters. I also collaborate frequently with my fiancé Amanda Conner and my writing partner Justin Gray. A short list of characters and books I have created and co-created are: *Ash, Painkiller Jane, The Monolith, The Resistance, 21 Down, Random Acts of Violence, The Pro, Back to Brooklyn, Tallulah Black, The Last Resort, Time Bomb* and many more.

As for current work, well, ***Jonah Hex*** continues to come out the first week of every month featuring a rotating list of some of the most amazing comic artists in the business. Upcoming we have Jordi Bernet, Brian Stelfreeze, Giancarlo Caracuzzo and many more!

Also coming from DC Comics is an ongoing ***Freedom Fighters*** series featuring art by Travis Moore and Trevor Scott.

And last, the final two issues of ***Time Bomb*** from Radical Comics. Also be on the lookout for a creator-owned series from me Frank Tieri and Amanda Conner titled ***Captain Brooklyn***, coming in 2011.

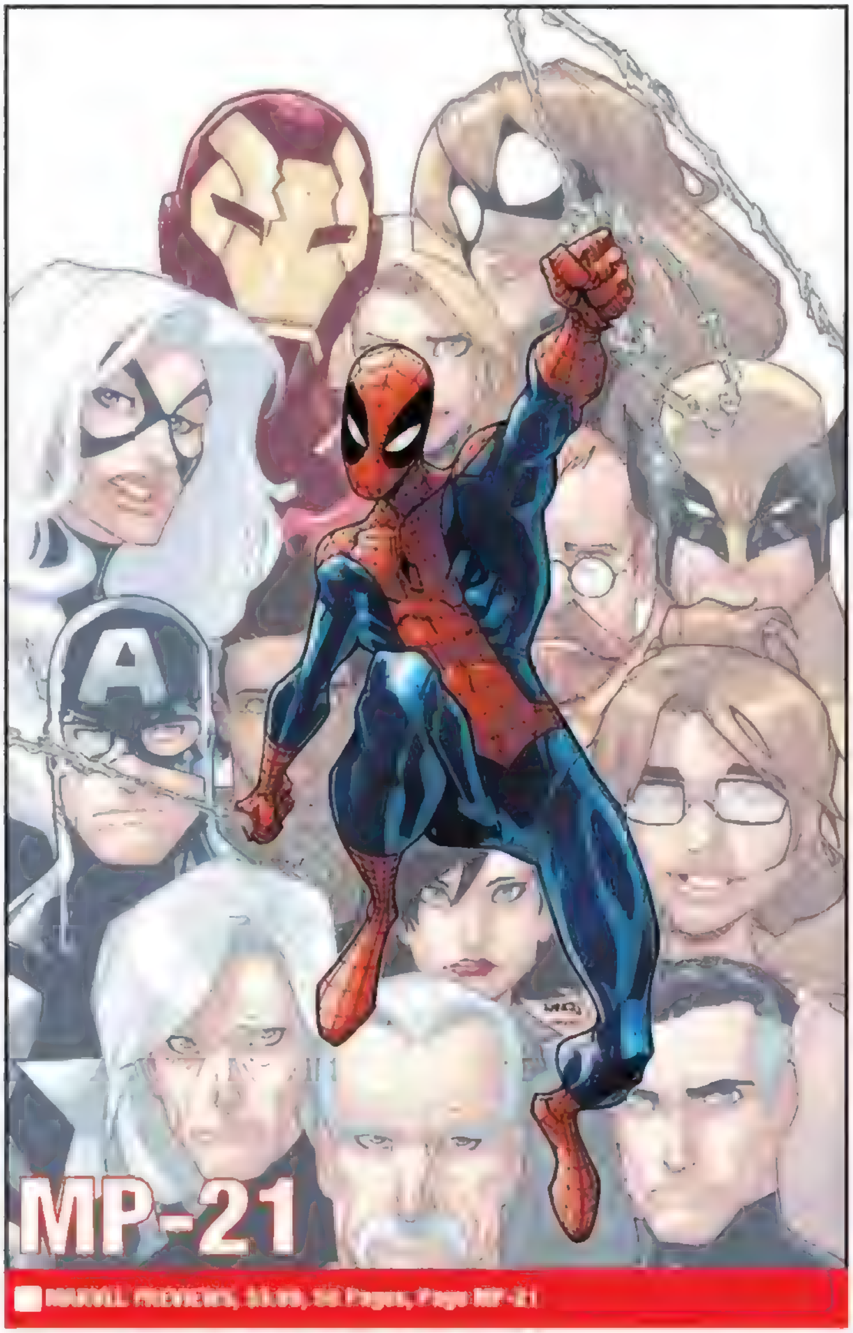
SPIDER-MAN HITS THE "BIG TIME" THIS NOVEMBER



MARVEL PREVIEWS, $1.00, 56 Pages, Page MP-21

Peter Parker, best known as the friendly neighborhood Spider-Man, has had a rough couple of months. He lost his job at the *Daily Bugle*, he has had relationship problems, his clone, Kaine, returned to New York and unsettled his life, while he and his friends were hunted by the daughter of his old enemy Kraven the Hunter. Through it all, however, Peter carries on, trying his best to balance the duties and responsibilities of his civilian life, such as looking after his beloved Aunt May, with the duties and responsibilities of being a super-hero, either patrolling the streets of Manhattan solo or working with the Avengers.

Peter's life, one his own and as Spider-Man, turns a corner this November in the pages of *Amazing Spider-Man* #648, the first issue in the new biweekly direction for Marvel's most-recognized hero! Dan Slott, the writer behind *New Ways to Die* and other acclaimed Spider-Man stories of recent years, is teamed with Humberto Ramos, himself no stranger to the wallcrawler, for a Spider-Man event! Peter Parker finds himself in, for him, a strange place in his life — contentment. Pounding the pavement in search of a job may have *finally* paid off, and a newly confident Peter Parker is also an *attractive* Peter Parker, one who turns the heads of the ladies with his trademark Parker luck. Meanwhile, Peter has also been amping up his Spider-Man costume, and just in time, too, as one of his most dangerous enemies — the Hobgoblin — returns to New York to make life miserable for Spider-Man and his friends! "Big Time" starts in a super-sized issue with guest-appearances from the Fantastic Four and the Avengers, and it's the perfect jumping-on point for new readers wanting to get into the webhead!

But that's not all! There's a new Spider in New York City — Spider-Girl! Spinning out of recent events in the pages of *Amazing Spider-Man*, a new super-heroine spins her web in the concrete canyons of Manhattan, and writer Paul Tobin and artist Clayton Henry are there to tell the tale.

Amazing Spider-Man #648 is the start of a new chapter in the storied life of Spider-Man. Be sure to pick up this over-sized issue in November and be there when Spider-Man hits the "Big Time" with Dan Slott and Humberto Ramos!

SQUARE ENIX'S *HALO* FIGURES ARE WITHIN REACH

A decade ago Microsoft and Bungie Software revolutionized the first-person shooter as Halo debuted for the original Xbox. Set on an unimaginable artifact in the depths of space, gamers took the role of Master Chief, a solider in humanity's war against the genocidal Covenant. Two sequels and two spin-offs later, Microsoft returns to the world of Halo this winter with the long-awaited prequel to the series — *Halo: Reach!*

Square Enix takes the soldiers who made humanity's last stand on the colony of Reach — Noble Six, Emile-A239, and Jun-A266 — and transforms them into super-detailed action figures. Square Enix's *Halo: Reach Play Arts ~Kai~* figures feature a meticulous attention to detail, with sculpts drawn directly from Microsoft's CGI art files, game-accurate accessories, and multiple articulation points. Fire up the Xbox, then restage the war that determined humanity's fate this winter with Square Enix's *Halo: Reach* figures!

THE CHARACTERS FROM THE LONG-AWAITED PREQUEL TO HALO ARE BROUGHT TO LIFE AS SUPER-DETAILED ACTION FIGURES!

IMAGINE THE FUTURE WITH IMAGE COMICS THIS NOVEMBER

☐ IMAGE COMICS, Page 161

For decades, super-heroes waged a long twilight struggle against the forces of evil. Elsewhen, Britain's greatest space captain sailed through the interplanetary void. Two futures, known to millions of readers the world over. This November, Image Comics dares readers to imagine very different twists on these imagined tomorrows with two very different projects — the new super-hero series *Utopian* from Marc Guggenheim and Tara Butters and the graphic collection *Yesterday's Tomorrow* featuring the collected comics of Rian Hughes.

Hollywood sensations Marc Guggenheim (*FlashForward, No Ordinary Family*) and Tara Butters (*Reaper*) take the super-hero saga to its logical conclusion in *Utopian*. What happens when the heroes *win*? What happens on the day that crime, from petty shoplifting to Earth-shattering megalomaniacal plots, is eliminated permanently? What becomes of the world? Who holds the reins of power? And what of humanity itself? What does the future hold for the six billion humans that inhabit this world? Paired with artists Ryan Bodenheim and Mark Englert, Guggenheim and Butters peel back the curtains to reveal a world made perfect — and what lies beneath the placid surface.

Rian Hughes has made a name for himself as one of illustration's top talents. Working from his studios in London, Hughes has fashioned artwork for dozens of top publications and crafted typefaces that push the limits of creativity. Hughes's early comics work, including collaborations with Grant Morrison and Tom DeHaven, are brought together in *Yesterday's Tomorrows: Rian Hughes Collected Comics*. Morrison and Hughes took Dan Dare to the furthest reaches of the solar system, while DeHaven and Hughes adapted one of Raymond Chandler's top hard-boiled short stories. This remarkable collection displays the breadth of Hughes' work, from the art deco "Goldfish" to the retro-future Dan Dare.

The future beckons at Image Comics this November? Will you heed the call?

Before Season Eight, Joss Whedon brought generations of Slayers and vampires to comics with the help of his acclaimed TV writing team and some of the best artists to ever grace the comics page. Now all those stories, plus selected stories from Season Eight, are collected in one deluxe hardcover with a new cover by Jo Chen.

Joss writes multiple tales: a somber vamp tale, drawn by Cameron Stewart; the story of the first Slayer, drawn by Leinil Yu; and more.

Buffy the Vampire Slayer: Tales also reprints for the first time new Season Eight stories written by novelist Jackie Kessler (*Hell's Belles*) and award-winning cartoonist Becky Cloonan (*Demo*), featuring vampires living in the public eye, killing Slayers and killing each other.

On sale Jun 26	FC, 400 pages

Michael Moorcock's brooding albino, **Elric** of the Emerald Isle, represents a landmark of sword-and-sorcery fantasy to millions of readers worldwide.

Heir to a legacy of tens of thousands of years, Elric sees the power of his decadent empire waning as the Young Kingdoms of humankind begin to stir. The 428th sorcerer-emperor to hold the ruby throne, he is unusually introspective and weak for his race—a combination that proves too tempting for his scheming cousin, Yyrkoon! As Elric is forced to call upon Arioch, Lord of Chaos and Duke of Hell, to rescue his beloved Cymoril from Yyrkoon's clutches, so too will fate lead him to Stormbringer—a bloodthirsty magic sword with a mind of its own—and a dimensions-spanning encounter with the Four Who Are One.

- **Collecting the long-out-of-print comics adaptations of the first two novels in the celebrated Elric sequence—*Elric of Melniboné* and *The Sailor on the Seas of Fate*—and P. Craig Russell's adaptation of Neil Gaiman's autobiographical story, "One Life."**
- **World-renowned science-fiction and fantasy writer Michael Moorcock is best known for his decades-long book series chronicling the tales of Elric, an incarnation of his "Eternal Champion."**

For more than three decades, best-selling author Andrew Vachss has battled the lowest bullies: child abusers. In his law practice, he's represented children and youth exclusively. As art director for King Features for two decades, Frank Caruso has developed a style that speaks to all ages, for all ages. The two are now joining forces to attack school bullying. Universally decried, bemoaned, and condemned. And on the rise. *Heart Transplant* is aimed at radically changing the way we deal with this most critical issue. The anchoring essay—by clinical social worker Zak Mucha—explains in detail what the reader has experienced . . . and why that experience could change our world. Dr. Joel Dvoskin, President of the American Psychological Association's Law Society division, says, "[T]his gripping story gives kids and grownups alike a road map to change, both for individual kids and more importantly, for the school as a community . . . This book should be required reading in every elementary school in America[.]"

Wraparound cover by **DANIEL DOS SANTOS**

"It's everything a fan of the series could want – and everything a non-fan could need to get initiated." *–IO9*

"Willingham manages to merge the gentle, meandering feel of fairy tales with a breakneck, contemporary pacing — a very clever trick indeed. The characters and stories are very engaging, the tension real, the mythos powerful." *–Boing Boing*

The critically acclaimed prose novel from FABLES creator Bill Willingham — now in trade paperback! The tale takes place long ago, in the deepest dark of The Black Forest. Two brothers — Peter Piper and his older brother Max — encounter ominous forces that change them both irreparably. Thus begins an epic tale of sibling rivalry, magic, music and revenge that spans medieval times to the present day, when their deadly conflict surfaces in the placid calm of modern day Fabletown.

PETER & MAX: A FABLES NOVEL features the prose of award-winning comic book writer Bill Willingham and the lush ink drawings of FABLES artist Steve Leialoha. The novel also reveals secrets of some of the regular FABLES series cast members including Bigby Wolf, Frau Totenkinder and Bo Peep, along with an 8-page comics story by Willingham and Leialoha!

AN ECLECTIC AND STYLISH COLLECTION OF COMICS FROM RIAN HUGHES, RENOWNED ILLUSTRATOR AND GRAPHIC DESIGNER. Features infamous and hard-to-find collaborations with Eisner Award winner **GRANT MORRISON**: **Dan Dare**, a post-modern classic that sets the aging and retired comic British character Dare against a modern British landscape he no longer understands; and **Really and Truly**, a high-octane psychedelic road-trip torn from the pages of cult comic 2000AD.

Hughes' clean graphic style comes to the fore in duotone for **The Science Service**, written by **JOHN FREEMAN**, while **HUGHES** explores an evocative noir palette replete with dramatic angular lighting for **RAYMOND CHANDLER**'s Goldfish, adapted by It's Superman author **TOM DeHAVEN**.

In addition to sketchbook pages, merchandise and rare strips—many never seen before or out of print for over a decade—the book features an introduction by comics guru **PAUL GRAVETT**, who published Hughes' very first strips in his seminal independent comics magazine Escape.

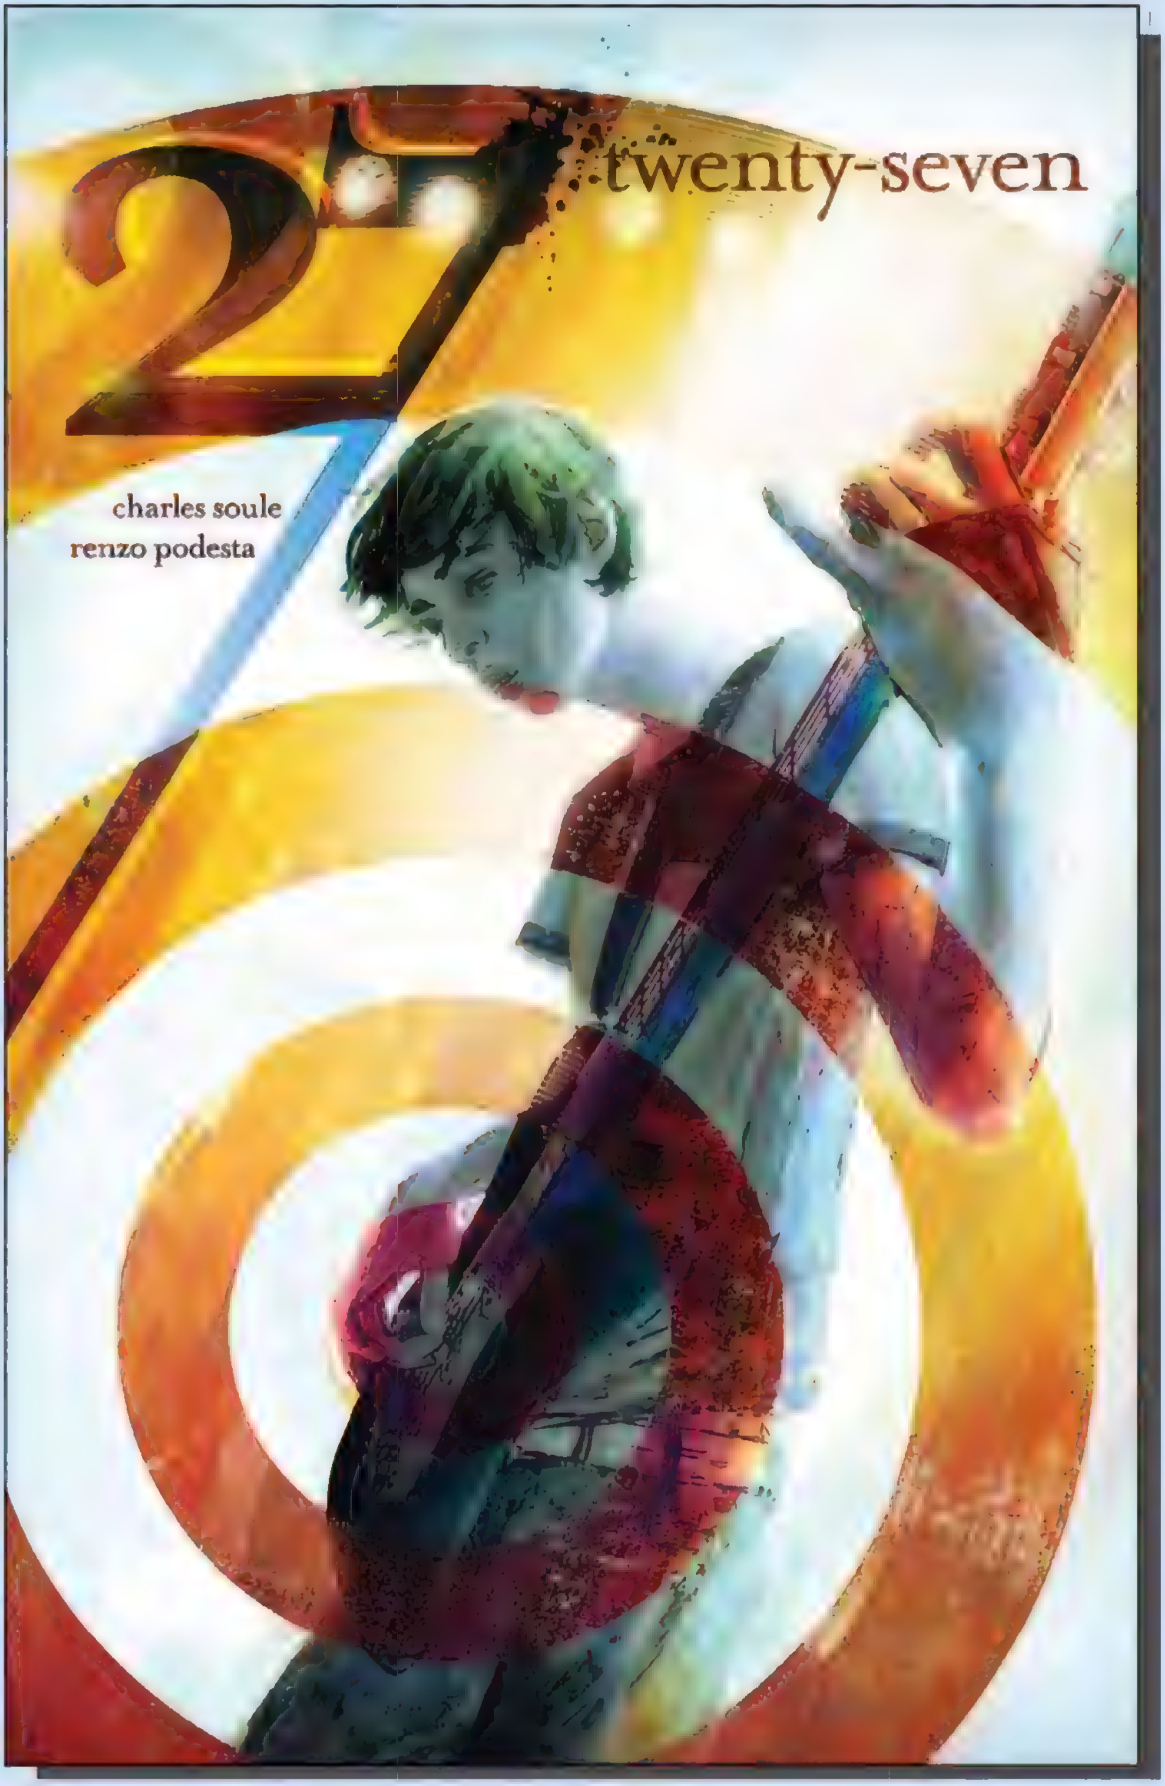
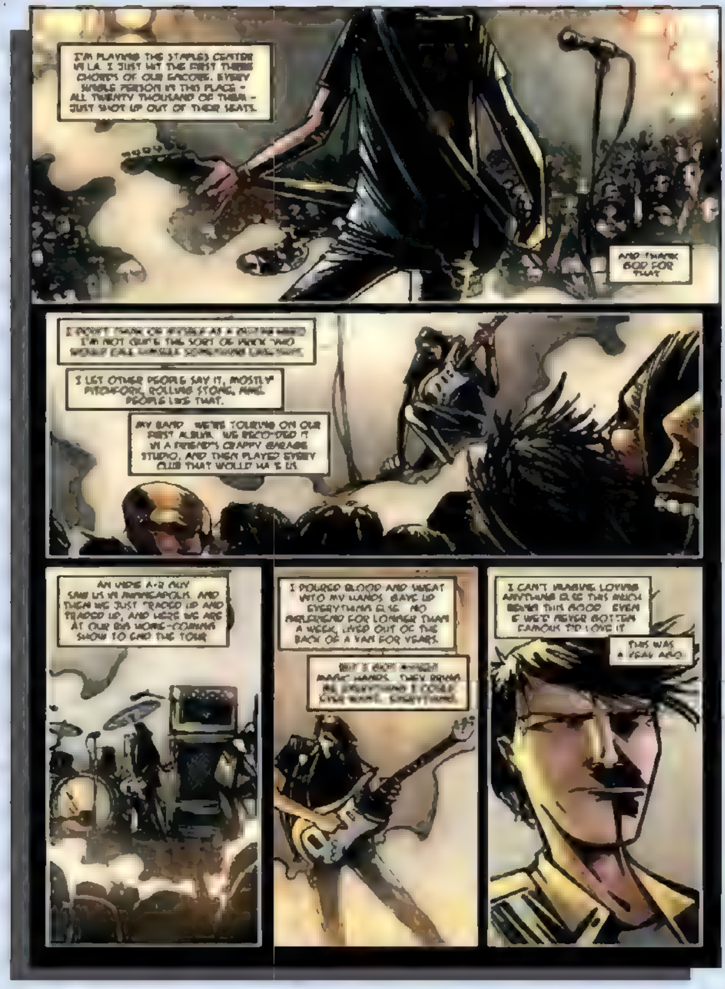
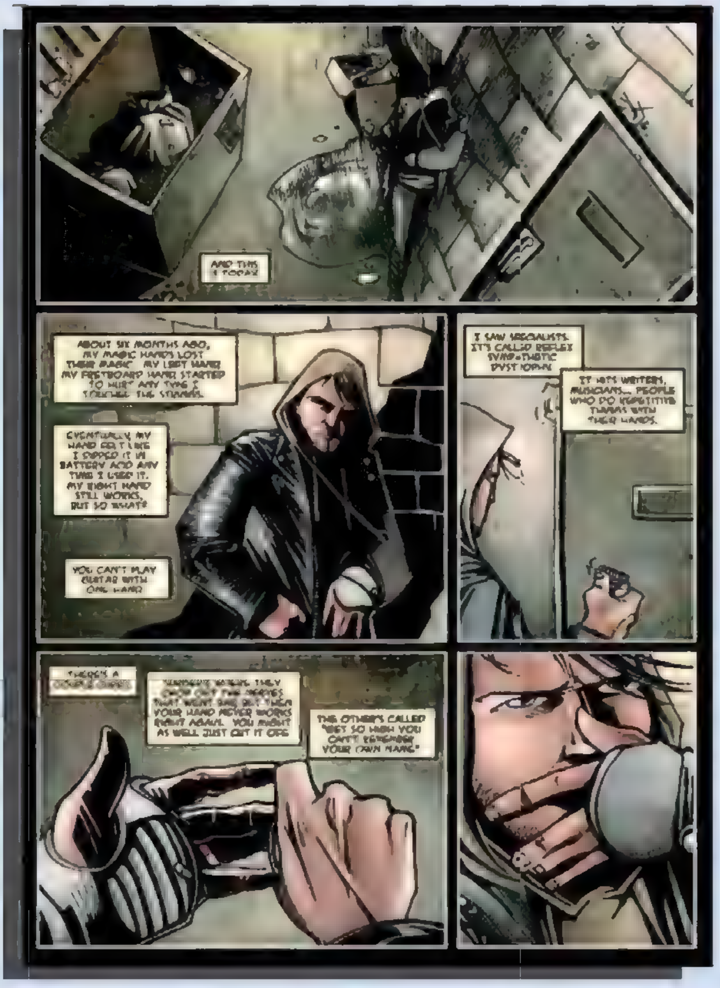
A new series in the popular GOLDEN AGE format!

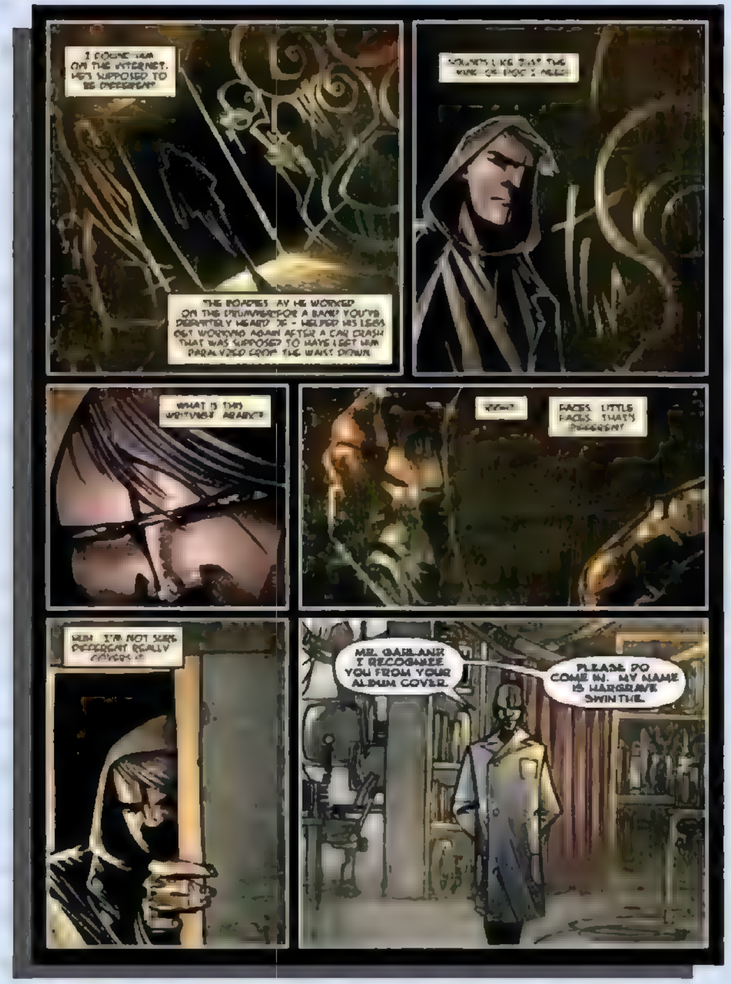




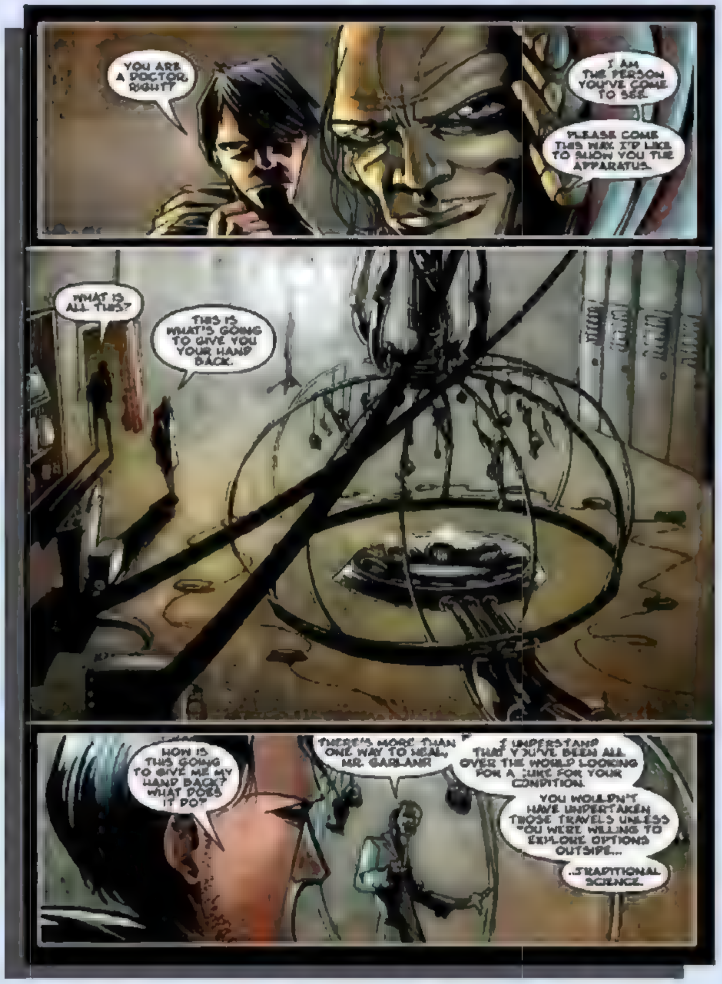
I'M PLAYING THE STAPLES CENTER IN L.A. I JUST HIT THE FIRST THREE CHORDS OF OUR ENCORE. EVERY SINGLE PERSON IN THIS PLACE – ALL TWENTY THOUSAND OF THEM – JUST SHOT UP OUT OF THEIR SEATS.
AND THANK GOD FOR THAT
I DON'T THINK OF MYSELF AS A GUITAR HERO. I'M NOT QUITE THE SORT OF PRICK WHO WOULD CALL HIMSELF SOMETHING LIKE THAT.
I LET OTHER PEOPLE SAY IT, MOSTLY PITCHFORK, ROLLING STONE, NME. PEOPLE LIKE THAT.
MY BAND – WE'RE TOURING ON OUR FIRST ALBUM. WE RECORDED IT IN A FRIEND'S CRAPPY GARAGE STUDIO, AND THEN PLAYED EVERY CLUB THAT WOULD HAVE US.
AN INDIE A-R GUY SAW US IN MINNEAPOLIS. AND THEN WE JUST TRADED UP AND TRADED UP, AND HERE WE ARE AT OUR BIG HOME-COMING SHOW TO END THE TOUR
I POURED BLOOD AND SWEAT INTO MY HANDS. GAVE UP EVERYTHING ELSE. NO GIRLFRIEND FOR LONGER THAN A WEEK, LIVED OUT OF THE BACK OF A VAN FOR YEARS.
BUT I GOT MY MAGIC HANDS. THEY BRING ME EVERYTHING I COULD EVER WANT. EVERYTHING.
I CAN'T IMAGINE LOVING ANYTHING ELSE THIS MUCH. BEING THIS GOOD. EVEN IF WE'D NEVER GOTTEN FAMOUS I'D LOVE IT
THIS WAS A YEAR AGO



AND THIS IS TODAY
ABOUT SIX MONTHS AGO, MY MAGIC HANDS LOST THEIR MAGIC. MY LEFT HAND, MY FRETBOARD HAND, STARTED TO HURT ANY TIME I TOUCHED THE STRINGS.
EVENTUALLY, MY HAND FELT LIKE I DIPPED IT IN BATTERY ACID ANY TIME I USED IT. MY RIGHT HAND STILL WORKS, BUT SO WHAT?
YOU CAN'T PLAY GUITAR WITH ONE HAND
I SAW SPECIALISTS. IT'S CALLED REFLEX SYMPATHETIC DYSTROPHY.
IT HITS WRITERS, MUSICIANS... PEOPLE WHO DO REPETITIVE THINGS WITH THEIR HANDS.
THERE'S A COUPLE CURES
SURGERY, WHERE THEY CHOP OUT THE NERVES THAT WENT BAD. BUT THEN YOUR HAND NEVER WORKS RIGHT AGAIN. YOU MIGHT AS WELL JUST CUT IT OFF.
THE OTHER'S CALLED "GET SO HIGH YOU CAN'T REMEMBER YOUR OWN NAME."



I FOUND HIM ON THE INTERNET. HE'S SUPPOSED TO BE DIFFERENT
THE ROADIES SAY HE WORKED ON THE DRUMMER FOR A BAND YOU'VE DEFINITELY HEARD OF – HELPED HIS LEGS GET WORKING AGAIN AFTER A CAR CRASH THAT WAS SUPPOSED TO HAVE LEFT HIM PARALYZED FROM THE WAIST DOWN.
SOUNDS LIKE JUST THE KIND OF DOC I NEED.
WHAT IS THIS WRITING? ARABIC?
FACES. LITTLE FACES. THAT'S DIFFERENT
HUH. I'M NOT SURE DIFFERENT REALLY COVERS IT
MR. GARLAND? I RECOGNIZE YOU FROM YOUR ALBUM COVER.
PLEASE DO COME IN. MY NAME IS HARGRAVE SWINTHE.



YOU ARE A DOCTOR, RIGHT?
I AM THE PERSON YOU'VE COME TO SEE.
PLEASE COME THIS WAY. I'D LIKE TO SHOW YOU THE APPARATUS.
WHAT IS ALL THIS?
THIS IS WHAT'S GOING TO GIVE YOU YOUR HAND BACK.
HOW IS THIS GOING TO GIVE ME MY HAND BACK? WHAT DOES IT DO?
THERE'S MORE THAN ONE WAY TO HEAL, MR. GARLAND
I UNDERSTAND THAT YOU'VE BEEN ALL OVER THE WORLD LOOKING FOR A CURE FOR YOUR CONDITION.
YOU WOULDN'T HAVE UNDERTAKEN THOSE TRAVELS UNLESS YOU WERE WILLING TO EXPLORE OPTIONS OUTSIDE...
...TRADITIONAL SCIENCE.

FOUNDERS OF COMIC FANDOM

McFarland & Company, Inc.

In the days before Newsarama, The Beat, CBR, and tweets lying in the gutters, there were *Beautiful Balloons*, *Fit to Print*, and *On the Drawing Board*. This was the early days of comics fandom when it really was all in color for a dime and the mimeograph ruled.

In Bill Shelley's *Founders of Comic Fandom: Profiles of 90 Publishers, Dealers, Collectors, Writers, Artists and Other Luminaries of the 1950s and 1960s* from McFarland & Company you get a chance to read about the beginnings of comic fandom. From its early days as an offshoot of SF fandom to its glory days as a mega event in San Diego, this book brings together and honors those responsible for comics culture.

The book includes sections devoted to comic historians such as Jerry Bails, professionals-to-be like Roy Thomas, fanzine writers and artists like Biljo White, Ronn Foss, and "Grass" Green, even those old comics made available by mail order thanks to Howard Rogofsky, Claude Held, and advertised through GB Love.

This book was an obvious labor of love and I loved reading it, missing the innocence of those early fandom days. This book honors the guys and gals that kept the Golden Age alive and ushered in the Silver Age, creating the base for today's Digital Age.

PRODUCT DESCRIPTION: It's never a dull day, being the last king of Britain's magicians, and before this bloody day is through, Combat Magician William Gravel will be rocked to the foundations of his beliefs and powers of the occult. After his systematic and murderous elimination of the members of both the Minor Seven and the Major Seven, Gravel now stands supreme, but being the King is not as glamorous as it sounds. He's reformed the Minor Seven, filling their ranks with young, working-class occult detectives, but their powers and Gravel's own leadership skills are about to be put to the test when a twisted, demented magician who didn't make the cut decides to show Gravel the error of passing him up for selection. To complicate his life even further, the British Government is breathing heavily down Gravel's neck as the body count of innocent British citizens rises. But is Downing Street's concern solely for public safety related to Bible Jack's terrorist attacks on London, or is it something more politically-motivated? Collecting issues 15-21 of the Gravel series, this incredible and violent chapter in the Gravel saga completes the three-part story arc that began in GRAVEL VOLUME 1: BLOODY LIARS and continued in GRAVEL VOLUME 2: THE MAJOR SEVEN. Available as both a soft cover and hard cover edition, limited to 1500 copies, each with new covers by series artist Mike Wolfer.

Writer: Mike Wolfer and John Russo
Regular Cover: Paul Duffield - **Art:** Tomas Aira
Format: Full Color, 32 pages, #2 of 5, Mature Readers

Regular cover retail price: $3.99 US

PRODUCT DESCRIPTION: Fans have demanded it, the most unprecedented and horrifying night in American history continues as the next chapter of NIGHT OF THE LIVING DEAD is revealed at last! As thousands of anti-war protesters converge on Washington D.C. in the Spring of 1968, the violence and turbulence of the time is about to explode into an unprecedented orgy of murder never before seen on American soil. Although the media conveniently explained the tales of the dead rising to kill the living as the work of militants and anti-Vietnam War radicals, something insidious is indeed lurking in the shadows of the Nation's capitol, and their grip on the country is about to make itself known. But with their troop numbers spread impossibly thin from both war-time service and riot control, the National Guard know that one misstep in dealing with the protesters could set off a fatal firestorm of violence during this most emotional time... And they will be woefully unprepared to defend the city from the flesh-hungry army of the undead about to descend upon them all. Written by the smash duo of Mike Wolfer and John Russo, the original film co-writer, this blood-drenched five-issue series features new artist Tomas Aira. Don't miss all the terrifying covers, Paul (Freakangels) Duffield provides the Regular edition, Raulo (Cpt Swing) Caceres melts eyeballs with the Wraparound cover, and twisted Matt Martin splatters the Gore covers all over the page. Also, retailers can get a ultra-rare Classic B&W cover as an order incentive.

STAN LEE'S THE TRAVELER #1

BOOM! Studios

Color me sentimental, but when it comes to Stan Lee, "The Man" can do no wrong. He is the living embodiment of Marvel's most defining moments and was the glue that held the House of Ideas together for so many years. His charisma and flare for comics has transcended the medium and has been instrumental in bringing us some of the biggest media events of the past decade. All that and we haven't even touched on how he treats the legions of loyal fans who consider him the originator of many of the most beloved characters ever created. Regardless of how many people have met and shaken his hand, he still makes time for each one and shares his own brand of optimism with them. Simply put, there is no one else in comics like Stan Lee.

That said…let's be realistic, some of the projects with his name on it have been…errr…let's just say "not as magical" as that old Marvel stuff we fondly remember. So I would understand cautious skepticism about a new superhero universe boldly branded with his famous moniker. But when I heard that BOOM! Studios' new project, *Stan Lee's The Traveler*, was not only the creative brainchild of a childhood hero but also was being written by Mark Waid, I sat up and took immediate notice. You know Mark Waid — the guy who made *Irredeemable* and *Incorruptible* required reading the past two years. The same guy who did a little book called *Kingdom Come* with Alex Ross a few years back. Yeah – *that* guy! You have two of the most innovative comic book writers in history working together to create old school heroes with modern flare. Throw in Chad Hardin, artist of *Age of Heroes* and *Amazing Spider-Man*, and you've got a book with home run potential written all over it. I remember how excited I was about the first few comic books I read as a kid — and I have to tell you, this feeling is pretty darn close to it.

Reserve a copy of all three BOOM! Studios Stan Lee books so you can say you were there for the beginning of something really special. Excelsior!

The immortal vampire gang led by "Princess"—Kikiou, Ryuuki and Shuuran—is slowly but inexorably taking over Demon City Shinjuku. Its citizens and the administration alike are turning into vampires. Mephisto has apparently allied himself with them of his own accord. Setsura Aki stands alone on the brink of extinction, tested by one desperate counterattack after the next. Intending to snuff out his life once and for all, Princess unleashes the self-regenerating Kazikli Bey (better known abroad as Vlad the Impaler, the original Dracula). Meanwhile, concerned about the worsening state of affairs in Shinjuku, a team of foreign legionnaires—Special Forces Operational Detachment "F"—is dispatched to Demon City. This Medusa of a supernatural face-off has grown another head. The confusion deepens and Shinjuku's fate hangs in the balance. But what is Mephisto really up to?

"Kotoko san, will you go out with me?" says a cute freshman, Taketo-kun. He liked her since high school and since Kotoko and Irie kun aren't exactly an "item", he thought he might have a shot at becoming Kotoko's boyfriend. Irie-kun's father's business is in a big financial trouble. Irie-kun reluctantly agrees to help him for a while and of course, Kotoko would do anything to be able to spend every day with him, so she applies as a part-time office assistant. Ditsy Kotoko realizes that office work isn't as easy as it looks- she spills coffee, ruins important documents, jams copy machines and breaks fax machines… She was creating more work for everyone there! When all this was done Irie-kun's father hoped his son would be interested in becoming his successor but Irie-kun has a different plan for his future.

THE ACME NOVELTY LIBRARY VOLUME 20 HC
(W/A/C) Chris Ware
The landmark 20th volume of the seminal comic book series! Jordan Wellington Lint, 51, is Chief Executive Officer of Lint Financial Products, a company he began serving in 1985 as assistant and advisor before working his way up its corporate ladder to record-setting innovation in the fields of finance and high-yield investment. In his seven years as the head of Lint, Jordan has grown the company from a business lender and real estate speculator to a leading provider of network financial infrastructure services, all the while positioning Lint as a model of corporate integrity and high-yield, low-risk product. Lint's vision has made him one of the most influential and widely sought-after leaders in the complex Omaha securities industry, and his fresh approach to an understanding of local problems, leadership and determination have enabled Lint to grow, outdistance and outpace its competitors. Lint graduated from UNL in 1981 with a BA in Business and briefly studied music and recording in Los Angeles before returning to his hometown of Omaha, Nebraska, where he has continued his life journey ever since. In his ongoing role as Chief Executive Officer and his dual roles as public servant and father, Lint continues to put his creative leadership and vision to work in a variety of challenging settings. He is married and is the father of two boys.

STARS of the MONTH

THE ACME NOVELTY LIBRARY VOLUME 19 HC
(W/A) Chris Ware
The penultimate teen issue of the *ACME Novelty Library* appears this autumn with a new chapter from the electrifying experimental narrative "Rusty Brown," which examines the life, work, and teaching techniques of one of its central real-life protagonists, W. K. Brown. A previously marginal figure in the world of speculative fiction, Brown's widely anthologized first story, "The Seeing Eye Dogs of Mars," garnered him instant acclaim and the coveted White Dwarf Award for Best New Writer when it first appeared in the pages of Nebulous in the late 1950s, but his star was quickly eclipsed by the rise of such talents as Anton Jones, J. Sterling Imbroglio, and others of the so-called psychovisionary movement. (Modern scholarship concedes, however, that they now owe a not inconsequential aesthetic debt to Brown.) New surprises and discoveries concerning the now legendarily reclusive and increasingly influential writer mark this nineteenth number of the ACME Novelty Library, itself a regular award-winning periodical, lauded for its clear lettering and agreeable coloring, which, as any cultured reader knows, are cornerstones of any genuinely serious literary effort. Full color, seventy-eight pages, with hardbound covers, full indicia, and glue, the *ACME Novelty Library* offers its readers a satisfying, if not thrilling, rocket ride into the world of unkempt imagination and pulse-pounding excitement.

ACME NOVELTY LIBRARY VOLUME 18.5 PX PORTFOLIO
(W/A) Chris Ware
This print portfolio, somewhat hedgingly entitled The ACME Novelty Library 18.5, contains all four "Thanksgiving" covers drawn by cartoonist and cultural commentator F. C. Ware for the November 27th, 2006 issue of *The New Yorker*, as well as the additional fifth comic strip which heretofore only appeared in digital form, all carefully printed in full color at an oversized 15" x 20" size on heavy paper and folded in half for easy recycling. As if this wasn't dreary enough, included is a new supplementary folded comic strip, measuring 16" x 11," which is also folded in half. Presented as the "Lower East Side" version of the even more ridiculously priced signed "Upper East Side" portfolio (which is, however, not folded in half) the consumer is asked to carefully weigh whether purchase of this object is truly necessary, and to act accordingly.

THE ACME NOVELTY DATEBOOK HC
(W/A) Chris Ware
Straggling behind the mild 2003 success of cartoonist Chris Ware's first facsimile collection of his miscellaneous sketches, notes, and adolescent fantasies arrives this second volume, updating weary readers with Ware's clichéd and outmoded insights from the late twentieth century. Working directly in pen and ink, watercolor, and white-out whenever he makes a mistake, Ware has cannily edited out all legally sensitive and personally incriminating material from his private journals, carefully recomposing each page to simulate the appearance of an ordered mind and established aesthetic directive. All phone numbers, references to ex-girlfriends, "false starts," and embarrassing experiments with unfamiliar drawing media have been generously excised to present the reader with the most pleasant and colorful sketchbook reading experience available. Included are Ware's frustrated doodles for his book covers, angry personal assaults on friends, half-finished comic strips, and lengthy and tiresome fulminations of personal disappointments both social and sexual, as well as his now-beloved drawings of the generally miserable inhabitants of the city of Chicago. All in all, a necessary volume for fans of fine art, water-based media, and personal diatribe.

DENYS WORTMAN'S NEW YORK TP
(W/A) Denys Wortman
(E) James Sturm, Brandon Elston
A rescued archive of vintage New York from a forgotten master! After cartoonist, educator and editor James Sturm discovered the vintage book, *Mopey Dick and the Duke*, he set off to find more about the author, the deceased and unknown cartoonist Denys Wortman. Sturm immediately took note of the masterful drawings — casual, confident, and brimming with personality — and wondered how this cartoonist escaped his radar. After some online sleuthing, Sturm connected with Wortman's son, Denys Wortman VIII, who relayed that an archive of over 5,000 illustrations was literally sitting in his shed in dire need of rescuing. For over 35 years, the illustrations had been fighting such elements as hungry rodents, rusty paperclips and even a blizzard. Wortman VIII also had drawers full of his father's correspondences including letters and holiday cards from William Steig and Walt Disney. Original artwork by artists and personal friends including Peggy Bacon, Milt Gross, Isabel Bishop, and Reginald Marsh were also saved. Considering that Wortman's luminary peers held him in the highest regard coupled with his artistic prowess, makes his absence from both fine art and comics history puzzling. So, Sturm and Brandon Elston set out to create a beautiful tribute to the forgotten master. *Denys Wortman's New York* is not only a tribute to Wortman, but it is a tribute to New York, the city that sparked Wortman's voracious creative output. From coal cellars to rooftops; from opera houses to boarding houses; Wortman recorded the sailors, dish-washers, con artists, entertainers, pushcart peddlers, construction workers, musicians, hobos, society matrons, young mothers, secretaries, and students who collectively make New York the city it is.

KRAZY AND IGNATZ: THE SKETCHBOOK STRIPS 1910-1913

by George Herriman
$75.00 / HC / 160 pgs / FC / 12 x 18

As comic strip scholars we know, George Herriman's *Krazy Kat* strip debuted as a supplemental strip running beneath the *Family Upstairs*. What scholars are not aware of, is that as part of his process, Herriman would draw a complete, essentially finished version of each supplemental *Krazy Kat* in a sketchbook before carefully redrawing it for print. Thus meaning there exist "original" versions of hundred upon hundreds of *Krazy Kat* Strips that have never been published anywhere... until now. This perfect facsimile edition will include a supplemental booklet containing an essay on Herriman and a large sampling of the final, published strips, allowing readers to compare and contrast with the original sketchbook versions!

MASCOTS

by Ray Fenwick
$22.99 / HC / 128 pgs / FC / 5 x 7.5

Mascots are exaggerated, ridiculous representatives, giving form to the abstract. They don't give this form in a subtle way; they're surreal magnifications, explosions of the thing they represent. The recurring characters in *Mascots* are like this, but so are the vignettes themselves. Each scene pushes past normal, exaggerating in order to highlight. In the world of Mascots, failure is everywhere... but so is hope transcendence and happy endings

TWILIGHT OF THE A-HOLES

by Tim Kreider
$28.99 / SC / 288 pgs / BW / 8 x 9.5

In this dark age we can thank God (or not) for Tim Kreider: humor salvo extraordinaire! Tim's razor sharp cartoons massacre just about everything so we'd like to offer the following highlight reel of Tim's latest victims: The Bush Administration, evil, hapless imbeciles, progressives, bovine bigots, complacent twerps, Christians, Sex-crazed Americans, Saddam Hussein's mischievous corpse and much much more! Please believe us when we tell you this is one man's uplifting story of restoration of faith in democracy.

DARK SHADOWS
THE COMPLETE ORIGINAL SERIES: VOLUME TWO

DARK SHADOWS

***Dark Shadows: The Complete Series Volume Two*; ISBN 1-932563-47-4; Full Color; Hardcover; 224 pages; reprints Issues #8-#14 of the Gold Key Comics series Dark Shadows; art by Joe Certa; stories by Donald Arneson and Arnold Drake; painted cover artwork by George Wilson; $49.99.**

Hermes Press proudly announces the second volume of its complete reprint of Gold Key Comics' television tie-in of the legendary supernatural suspense series *Dark Shadows* in a series of five hardcover volumes. The forerunner to today's immensely popular vampire-themed television programs and theatrical films, *Dark Shadows* still garners serious attention as one of the most memorable TV shows of the last forty years. The comic books to be collected in Hermes Press' completely digitally restored series present archetypal tales of vampires, werewolves, and the supernatural. The stories contained in the collection are thoughtful and beautifully crafted: they are the perfect companion for fans of the show, but they stand on their own as fine examples of compelling and effective comic book storytelling.

The cover art for this volume as well as for the seven books reprinted in this volume were all painted by Western Publishing mainstay George Wilson.

In addition to reprinting the stories, Volume Two contains a generous supplement of poster art, pin-ups, and documentary material from the show together with an essays about the history of *Dark Shadows* as well as other aspects of the show.

FRAGGLE ROCK VOL 2 #1

Archaia Entertainment

FRAGGLE ROCK
FRAGGLE ROCK

There's little doubt in my mind that the work of Jim Henson was one of the biggest influences in my childhood development. From *Sesame Street* to the *Jim Henson Hour*, the Muppets were omnipresent throughout my young life. However, if I had to point to one Henson property that I held closest to my heart, it would be without a doubt, *Fraggle Rock*. I was cautiously optimistic when I heard that Boober, Wembley, Gobo, Mokey and Red would be continuing their adventures in comic book form. It seemed unlikely that any creator would be able to capture the magic of the original series and adequately represent it in sequential form on the page. Needless to say I was simply blown away by the first volume of Archaia's series, which managed to deliver a plethora of Fraggle tales that felt like lost treasure troves of storyboards from the Henson Archives.

There's little doubt that the second volume will continue the superb string of stories presented in the prior series. With a bevy of great creative talent involved, including a cover from *Mouse Guard* creator David Petersen, I'm chomping at the bit to get my hands on the first issue. *Fraggle Rock* is an example of a property being handled with the utmost care and respect, and if it's any indication of what we can expect from further Archaia/Henson collaborations fans of either can truly "dance their cares away."

ELMER GN
Amaze Ink/
SLG Publishing

In 1967, chickens make an unexplained evolutionary leap. Thousands held in poultries, farms, and fighting rings are suddenly intelligent and self aware, begging for their lives. Guilt and fear fuel brutal massacres around the globe as man and chicken struggle to define the new social order. *Elmer* chronicles one rooster's experiences in the Philippines during this period, as recorded in his journal, and the personal journey of his son Jake who, inheriting this journal in 2003, comes to terms with his father's recent death.

Gerry Alanguilan's lush textures and conflicted characters inhabit a world that is at turns wrenchingly intimate and incomprehensibly large. There's decadence in his black and white images—plumage, smoke and vegetation are hypnotically tactile on the page. The forces bonding and repelling the cast of the story are just as intricately woven, and the result is a moving narrative that surprises with its thoughtfulness and brutality.

Elmer is a work with range, well worth reading and likely to stay with you for a long time. Alanguilan engages political and philosophical issues, but the real heart of the story is nestled in the legacy Elmer has left with family. Funny and sad, crude and poignant, the most compelling portrait of humanity you'll read this year isn't about humans at all.

XKCD VOLUME 0 TP
BreadPig

\o/

xkcd is finally in paperback! You *do* know about *xkcd*, right? It's only been one of the most intelligent, clever, free-spirited, science-loving, *über*-comics for *über*-nerds to populate the Internet since 2006.

If you've never encountered *xkcd*, you're in for a treat. It's drawn by ex-NASA scientist Randall Munroe with a flair for some of the most thought-provoking, giggle-inducing stick figures on this side of the y-axis.

The book collects 120 pages of hysterical elliptical reflectors, pie charts, ball pits, shark balloons, marching band geeks, eBay bobcats, and mangled pickup lines. You could check it out online — but you'll only end up yearning for the tangible joys of flipping, thumbing, shelving, loaning, and generally owning this first volume of the ultimate nerd-culture comic in solid state.

(Also, online you cannot read the additional author commentary or decipher the secret puzzle codes throughout the book. *Cryptography FTW*.)

A ZOMBIE'S HISTORY OF UNITED STATES SC

(W) Joshua Miller

Zombies have always been among us. We know they came across the Bering Straight with the first living humans into North America. From there on, the living dead were to play a pivotal — though routinely covered-up and overlooked — role in American history. This is the real story that your textbooks didn't tell you. This straight-faced, smart and highly entertaining book presents a Howard Zinn-esque history of the United States and the role its suppressed zombie minority has played in every major event: colonization, the Revolutionary War, the Civil War, westward expansion, World Wars, and the modern era.

CHEAP THRILLS

by Jamal Powell

Behold... the world of the bargain comic reader.

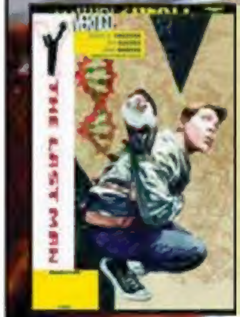
The beloved bargain bin is a staple of any comic book shop, but very few have what could be called an *exhaustive* selection of some of the newest and most popular books. For a bargain comic reader to get involved with a new story they have to "shop-hop" – but that means spending gas money or bus fare – and two or three stores.

Actually, that *was* the world of the bargain comic book reader. Now, thanks to comic book publishers re-releasing many of their best titles for the wee price of a buck, it's never been easier to pick up a good read. And the selection is as varied as on any new comics day.

FLIP*side*

PREVIEWS has put together this list of every $1 or less comics available, with a majority of the list made up of first issues, making them the perfect "jumping on" points to enjoy some of the current char-toppers like *Invincible*; Hollywood-bound series like *The Walking Dead* and *Y: The Last Man*; and modern masterpieces like *100 Bullets*. No longer will bus fare cut into comic book money!

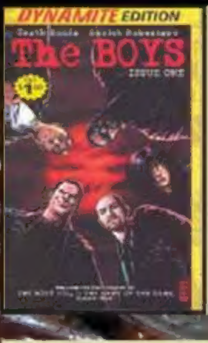
Let's see what you can get for a mere dollar...



Y: THE LAST MAN #1 (SPECIAL EDITION)

DC Comics/Vertigo

The buzz and hopes have always been high for this multiple award-winning and Hollywood-bound Vertigo series, and during its 60-issue run, it never let us down. Considered a modern masterpiece of first issues, this special edition kicks off Brian K. Vaughn and Pia Guerra's saga about the last man who should be the last man alive...



THE BOYS #1 (DYNAMITE EDITION)

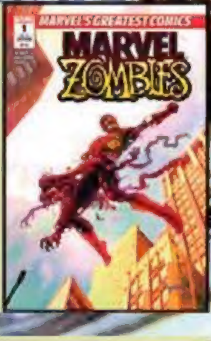
DE/Dynamite Entertainment

Garth Ennis's controversial *The Boys* just jumped onto the fast-track to the silver screen, and now thanks to Dynamite Entertainment, it's now cheap and easy to see where the story started for a CIA team dedicated to keeping superheroes in check... by *any* means necessary.

MARVEL ZOMBIES #1 (MGC EDITION)

Marvel Comics

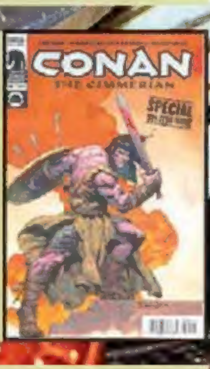
Robert Kirkman further solidified his reign as the "Zombie King of Comics" by giving Marvel's heroes the gift of cannibalistic and horrific un-life. Starting with an experiment gone wrong and ending with a zombie feast on a cosmic deity, experience "day one" of the universe-spanning and multi-volume *Marvel Zombies* for just a dollar!



CONAN THE CIMMERIAN #0

Dark Horse Comics

Conan may have brand-name recognition, being an iconic figure of fantasy fiction and all, but when Conan raises hell in his Cimmerian homeland, this comic delivers nothing but the action, intrigue, and drama that Conan fans have come to expect... and making him one of the most enduring characters in history.



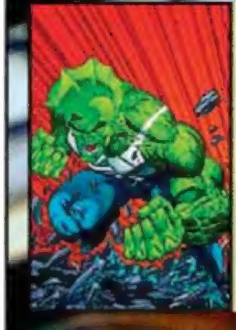


IMAGE FIRSTS: SAVAGE DRAGON #1

Image Comics

Erik Larsen's adrenaline-pumping and long-running magnum opus had to start somewhere, and courtesy of the "Image Firsts" collection, the Savage Dragon's pilot tale isn't hard to come by. With the *Savage Dragon* series hot-off-the-heels of its biggest arc ever, the premier issue of *Savage Dragon* is the perfect place for new fans to jump into the title.

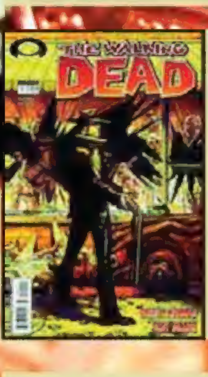

IMAGE FIRSTS: THE WALKING DEAD #1

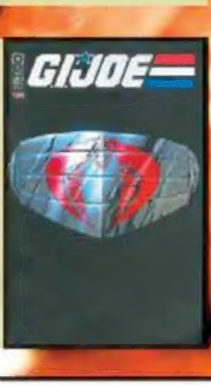
Image Comics

See where it all started with the first issue of writer Robert Kirkman's critically acclaimed series of apocalyptic zombie horror — soon to be a TV series on cable network AMC. Featuring the art of Tony Moore, this one set the stage for one of comics' most harrowing ongoing tales of survival.

G.I. JOE: A NEW BEGINNING #0

IDW Publishing

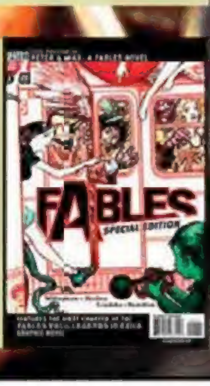
What began as an '80s throwback for comics fans led to a chart-topping comics smash that has attracted readers of all ages! *G.I. Joe: A New Beginning* #0 is filled with old-school, over-the-top action and new-school twists, which is everything a JOE fan could possibly want. It sold out on release, but here's a second chance to get one of the most influential books of the decade for a rock-bottom price.



FABLES #1—PETER & MAX PREVIEW

DC Comics/Vertigo

Writer Bill Willingham's *Fables* has become one of DC/Vertigo's "foundation" series, even spawning a novel from Willingham himself. Now you can introduce yourself to the saga of the exiled storybook characters living in our modern world, plus you'll also get an excerpt from the *Peter & Max* novel as a bonus!



This is the most current list of "Dollar or Less" comics available for order from your local comics shop. Please check *PREVIEWS*world.com for any updates to this list!
